News From California

For the past week and a half, USSC representatives visited various Spiritist Centers in California. In an atmosphere of unity spiritist workers and coordinators participated in the talks and seminars which included presentations about the Unification Movement in the United States. We would like to thank all who have supported this initiative. In order to begin a unification movement in the State a video conference call will be scheduled for representatives of all Spiritist Centers in California and the USSC Board of Directors.
