U.S. Spiritist Census

The First USA Spiritist Census rolls out this month to all centers in our database. This is a follow up on plans that had been mentioned in previous news bulletins. It's also a wonderful opportunity to organize and assess the Spiritist Movement in the country and to collect information that will be helpful in designing meaningful programs to assist everyone in their dissemination work. To that effect, we ask everyone to kindly help us in case there are Spiritist Groups that are not part of our database. The USSC will produce a complete report and will make it available to all participating organizations.

How You Can Participate in Our Unification Movement

In order for our unification movement to work it is imperative that we all contribute in some way or another. In this sense we are creating two new committees which will allow everyone interested to participate actively. The Youth Education Committee will be headed by Bernadete Leal (bleal69@hotmail.com) from San Diego, California and the Spiritist Arts Committee will be headed by Eduardo Guimaraes (edugui@hotmail.com) from New York. Two video conference calls have been scheduled for anyone who wishes to participate in these committees. The Youth Education Committee will hold its first call on September 6th at 9:30 PM (Eastern Time) and the Arts Committee on September 20th also at 9:30 PM (Eastern Time). All interested please contact committee leaders for additional information.

Historic Moment for Spiritism in Cuba

After 50 years of strict trade regulations, the Cuban government is now allowing the entry of 17,000 Spiritist books in that Country. With the help of the [International Spiritist Council](#) and the efforts of the [Sociedade de Estudos e Investigacion Cientifica de Los Fenomenos Espirituales "Jose de Luz"](#), this new endeavor was made possible.
